

Ira Cook  
Utility Billing Supervisor

I am proud to serve as a representative of the community that I have lived in since 1995. I have a bachelor's degree in accounting. The knowledge that I have learned during my academic career has aided in my abilities to help to maintain your overall customer service experience with the City of Walker Utilities department. My work experience in many different accounting departments of a waste hauling and landfill company has provided me with detailed billing and accounts receivable knowledge and experience to provide you with accurate detailed billing while upholding all City of Walker's policies and procedures. I have been employed with the City of Walker as the Utility Billing Supervisor since February 5, 2007 and have enjoyed meeting the community that I serve on a daily basis. I do what I do to serve you!
